Now let me tell you all the things that I used to
I used to do a lot things that most dudes do
Like partying just to fit in with the cool crew
giving in drinking and acting like a fool too
i wanted to get the money like bookoo
so I could holla at the girls kind of like yoo hoo
But all they did was holla back like Who you?
All I did was wanna rap so IÂ'm like who knew
IÂ'd be where IÂ'm at but thatÂ's what God do true?
I could take you way back to middle school too
I used to the dude who would kind of act coo coo
Fighting after school with these fools who I knew who
Was always in trouble breaking all the rules too
I spent a couple years behaving like a fool too
Shed a couple tears trying to make it through to
Find someone that cares but it was you who

(Now a days) you see I just wonÂ't do what they just
want to
cause I just wonÂ't do that
(they think itÂ's strange) that I just wonÂ't do what they
just want to
cause I just wonÂ't do that
(theyÂ're amazed) that I just wonÂ't do what they just
want to
cause I just wonÂ't do that
(cause IÂ've changed) see I just wonÂ't do what they
just want to
cause I just wonÂ't do that

I used to do my own thing
Live my own way now it was so strange
Nowadays I done seen it so change
I seen it so plain that you have so came
plus you took me from pain
And took me from hate now with all that you gave
And I was back in those days
I was acting so lame when I was acting those ways
see I was saying your name
but I said it in vain for that IÂ'm so shamed
And yet you love me still same
kind of insane how you took the whole blame

now I was just a no name
had nothing no claim but then my soul changed
its all lost no gain
Iâ€™ve lost all claim this is all im gone say that its..

so wait Iâ€™ve gotta tell you what I do now
And I stay high but it aint from the brew now
same guy but I got a different view now
A changed life plus a whole different crew now
I canâ€™t lie cuz my whole life is new now
Got a changed mind on what I pursue now
Its straight wild and itâ€™s all cuz of you now
I donâ€™t do just what I used to do now
And itâ€™s all cuz you just came through now
And the walls that I had up you just blew down
And itâ€™s all cuz your love that Iâ€™m new now
I can call and ya come so true now
Took the pieces of my life that I threw down
my eyes beheld a new sight I saw you now
every chance on the mic Iâ€™m telling you now
it was Jesus the Christ you get it dude now
