You know I'm still rocking that BeatMart hat, still  
calling on God till he calls back  
I used to feel like I was so worthless until I figured out  
my Soul Purpose  
Finished the LP get me some merch, I'm letting the  
light shine in, no curtains  
Until the day we in some matching Nikes, I'm focused  
on where I'm at with Christ B

Chorus

You give me strength to carry on  
You give me more than enough  
You give me all that I got  
You, it's just you

When it's hard to see and it's hard for me, and it  
seems that I can't breathe  
And I wanna run and I wanna scream, and I wanna  
leave and I wanna flee

I was stuck in the slow lane with no hope and no change  
Dealing with this old pain feeling like I'd go insane  
But the whole thing made a whole change, when I came  
to understand  
Your plan was to take now the whole blame for my old  
ways and  
Old things it's so plain, that I've just so changed  
since way back in old days  
And ever since soul came to call now on your name,  
it's just you now that's all that I'm gonna say

Chorus

So what's left for me to say or to speak now? What  
else could I relay how I feel about  
The very way that you came just for me now? You made  
a change that I know is just so real  
Now, and even times when I'm broken and just feel  
down, you're the one and only one  
And I'll say it loud like...

You are my peace, you are all I need, you're what I

seek

When IÂ'm weak and I canÂ't believe that you did it all  
just for me

And I canÂ't believe that youÂ'd died upon a tree, when  
itÂ's hard to see

And itÂ's hard for me, and it seems that I canÂ't  
breathe

And I wanna run and I wanna scream and I wanna leave  
and I wanna flee

Chorus
