Yo it's the K to the J, J to the five  
Five to the two, it's time to get live  
Party people in the house if you're feeling all right  
Throw your hands in the air wave them side to side  
You can dip dip dive you can socialize  
You can lime to the lemon, you can lemon to the lime  
But nine years ago a friend of mine  
Hit me up just to ask the time  
I'm looking at my watch it said quarter to twelve  
He shook his head, he had something to tell  
He said "Check it my brother now it's plain to see  
I'm going to make it plain just as plain can be"  
'Cause you here and you there  
But a life without Christ ain't going nowhere  
And I was just like you I was jamming on it  
Then he sang a little song a little something like this hit  
it

We rock the mic in a different way  
Just two turntables and a fresh DJ  
Party people in the house are you feeling OK  
Then let the record play all night all day

We rock the mic in a different way  
Just two turntables and a fresh DJ  
Party people in the house are you feeling OK  
Then let the record play all night all day

Stop a second I need to hear more  
He said "I came through the door and I said it before"  
But you didn't listen to me this first time  
So open your eyes and let me open your mind  
'Cause the blind lead the blind can't you see that my  
brother  
It's like a jungle sometimes it makes me wonder  
You going under and you blind to the facts  
It ain't where you from and it ain't where you at  
It ain't the radio, Cazals or Kangol hat  
Now you be illing and it's like that  
Your life's wack just broken pieces  
You got Adidas but you ain't got Jesus

And a hotel, a motel or a holiday inn  
Now it don't mean nothing 'cause your life keeps  
fronting  
And you still lost in sin  
I said a hotel, a motel, or a holiday inn  
Now it don't mean nothing 'cause your life keeps  
fronting  
And you still lost in sin help me say it like

We rock the mic in a different way  
Just two turntables and a fresh DJ  
Party people in the house are you feeling OK  
Then let the record play all night all day

We rock the mic in a different way  
Just two turntables and a fresh DJ  
Party people in the house are you feeling OK  
Then let the record play all night all day
