Hey yo, oh, oh, ah, ah, ah, ah
'Cuz I'm alone, I need a friend
I need someone who understands the way I feel
So I can feel the way you feel
I'll tell you what, do this
Make sure the hook is on there
And just record whatever I do, alright?
Alright KJ, yo, it's the KJ 5 to frickity 2
S O I, you know what I'm saying? Silas repeat this

Sick and tired of being sick and tired
Sick of sticking out my neck to get me burned like a Bic
lighter
Sick of all the Jim Carey type 'Liar Liar'
So I'm sticking to get a grip like some hand pliers

My manifesto, hit you the best flow
Hide behind the mics like you was stinkin' death row
I'm already seeing through you like some windows
Stay on you like halo, shine like day glow

Trying to be the professional using amateur
You couldn't get the picture even with a camera
My stamina, this program is strictly slamming ya
You ducking like some draft dodgers heading to
Canada

I gotta hand it to you, you know how to break me down
Judas' kisses never seem to ever make a sound
But thanking God that was not from the lost and found
But keep in mind that what goes around comes around

I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
'Cuz I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel

Yo, whats up man? How you doing?
Yo, remember me? Yo, we go way back
W-w-what do you mean you don't remember me?

What?

Hello, how you doing? What? You don't remember me?
Love turns to hate, friends turn to enemies
Homies turn to phonies, haters turn to cronies
As the world turns, I'm still standing lonely

There's only one love that never turning cold
Always got my back when I got played like a Casanova
Always had a dry shoulder just to cry on
And always made a way through the dark with a light
on

I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
'Cuz I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel

I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
'Cuz I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel

Hey yo, Dark, now tell me whats up?
Why you always seem to got beef like ground chuck?
We used to cool, but I guess, I'm out of luck
Would you mind taking the knife out of my back it go
stuck?

It's the Christ Jesus putting back all the pieces
His love runs the deepest, now close to ever peaces
Tosses sin as far as Wests to the Easts
Never truly alone, with the love that he releases

I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
'Cuz I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel

I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel

'Cuz I'm alone, I need a friends
I need someone who understands the way I feel
So I can feel the way you feel
