What do you do when everybody turns their back on
you
Do you just give up?
What do you do when you feel like you can't make it
through
Do you just give up?
You gotta hold one and you gotta be strong and true
Don't ever give up
Don't ever give up

Chorus

No stopping me this time, ain't no stopping me
No stopping me this time, ain't no stopping me
(This is what I know)

How many times was I told I can't make it and I can't
take it
Fed up to the point that I can't face it
How many people told me that my time was wasted
Chasing after dreams that I never even tasted
How many times did I just have to learn how
When my mind now was just about crashed and burned
out
That all of a sudden something changed and it turned
out
That God showed up and everything it just worked out
How many times was I called lazy or even crazy
By the ones who was closest to me
But no man controls me no man holds me back
From exactly doing that which God told me

Chorus

How many times has God been providing day after day
And just time after time, and I'm just recognizing the
times of my life
When I just held on tight and things turned out all right
And how many times when I just about croaked and the
floods of life
Brought the water level to my throat, and I'm trying to
stay afloat
And I just about choked when I thought I couldn't cope

now ya
Just brought me hope, how many times were ya just so
faithful
Cause Iâ€™m so grateful all the times that ya came
through
And youâ€™re so able to pull me straight through
everything I face
Thatâ€™s why I got to praise you, how many times in my
life did I feel like giving up
But Iâ€™m going on, how many times in my life did I feel
like giving up
But Iâ€™m staying strong there ainâ€™t no stopping me

Chorus
