Turn ya speakers up pump that pump that  
Stick ya fingers up pump that pump that  
Kick ya sneakers up pump that pump that  
Cuz all I need is one all I need is ya to ..  
Pump that  
Pump that  
Pump that turn ya speakers up and  
Pump that  
Pump that  
Pump that cuz all I need is ..

One Mic one cord to proclaim one rhyme  
Of One God one Christ one Lord in one line  
Cuz He's more than I need now he's more than I write  
He's the air that I breathe he's the peace in my mind  
He's the relief I seek when everything isn't right  
He's what I hope I can be he's what I hope I can shine  
He's the hope when I'm weak he's what opened my  
eyes  
He'll call me home then I see him then I'll go to the  
skies  
Now I know every need he can meet every time  
So I know that for me he's what I need cuz I'm blind  
I can't see unless he just guides me thru the night  
Now we're helpless we're weak now we all fall behind  
Unless you help us so be my strength when I climb

Cause this mountain I face is so hard and so high  
But I know that you be what I seek and I find  
There's nothing I need except you so I cry that

One mic one cord to proclaim one track  
One God one Christ one Lord and just that  
I need my wife by my side and my friends at my back  
Since God goes before aint a thing that I lack  
I'm covered by Him what more could I ask  
Everything can be a lie all I need is one fact  
That Jesus is Lord I'm convinced that I can't  
Make it w/out your word as my guide and my map  
I need you to you to provide the strength so I'll stand  
When my world falls apart and I think that I can't  
Get that far and it's hard but thats when your hands

Take my heart when it's scarred and helps me  
understand  
So all that I need is to do your commands  
Everything that I see falls in line with your plans  
So help me just to be all you've called and you've  
planned  
And if you know what I mean let me see all your hands  
and
