I think Iâ€™m stuck in the 80â€™s
I think Iâ€™m stuck in the 80â€™s
shout outs to all the fellas and the ladies

Iâ€™m like woah man this aint what I planned
to get everyone to stare at me man
I walked in with the parachute pants
checkerboards on a pair of new vans
its kind of embarrassing man
I think Iâ€™m gonna just scare a few fans
they trying to take care of me then
cause the 80's are over so where have I been
you should know where I be
with Atari just on the TV
and a boom box tape deck no cd
with the acid washed jeans ripped in the knee like
what?
well you should know what I mean
when the t-shirt is pink and lime green
it glows and it shows as bright as high beams
it's like back to the future one nine eight three lets go..

Iâ€™m like câ€™mon man how can you dismiss this
I got a beeper as thick as my wrist is
I got a cell phone on the wish list
about as big and as tall as ya rims is
you might think we some misfits
my girlâ€™s hair shoots up 26 inch
in the air and youâ€™s up in my business
but I donâ€™t care cuz youâ€™ll just never get this
so for instance when I rock spots
I keep it old school with a swatch watch
now Iâ€™m a grown dude but I still got
the hammer pants when I dance itâ€™s still hot
so I roll through man its so tight
my whole click dressed like Miami Vice
listen close dude see what im gone write
it itâ€™s like back to the future and it goes like

now Iâ€™m a be the coolest dude
even if I roll around with a rubiks cube
or maybe Iâ€™m the hugest fool

for trying to get down and make the 80's cool
but it's so true I was a crazy kid
if you knew all the shady ways I lived
you'd be amazed but today I'm his
God's grace now covered all them things I did
so take it back to the future
and take a day off like ferris bueller
back when Micheal jack was the ruler
when apple Mac had the fastest computer
I'm a school ya with my new song
about the facts of life like the sitcom
but the facts with Christ that you'll live on
it's like back to the future and I'm a get gone
