Iâ€™m at the end of my rope and  
and I canâ€™t take it no more  
I think Iâ€™m losing control  
I am about to let go  
Iâ€™m lost at the end of my rope  
and Iâ€™m burning Iâ€™m yearning Iâ€™m hurting for hope  
Iâ€™m needing this burden to go  
but Iâ€™m searching for purpose Iâ€™m searching to know  
itâ€™s knocks me down to the floor  
till Iâ€™m pounding the ground and Iâ€™m down in my  
hole  
itâ€™s got me down till I go  
till I cry out to you I canâ€™t take it no more  
you are the one that I hold  
you are the one in my soul  
you are the one that I know  
that will come when I call and I fall and I fold letâ€™s go  
cmon!

Chorus

so you said to let go  
let go of everything I had hold  
let go till its all in control  
let go till itâ€™s gone up in smoke  
crush me mold me make me  
stretch me fold me change me  
until I aint just the same me  
you the only one my safety  
your are the one gonna saved me  
and I donâ€™t wanna ever live safely  
destroy my world and take me  
past the end of my rope break me  
Bridge:  
crush me mold me make me  
stretch me fold me change me  
(the end the end of my rope)  
crush me mold me make me  
stretch me fold me change me  
(the end the end of my rope)
