What's up?
Na, I'm just chillin'
How you doin' ya?
Ya, I'll be over later
Alright, I love you, bye

Yo check it, yo what's up girl? Yo, what's the deal?
And yo I can't front and act like I don't know just how
you feel
'Cuz I've been there and I've done that
It seems like no matter what you do your feelin'
trapped, now it's a fact
Now it's a serious choice that you choosing to sleep
with him
'Cuz you just afraid that your gonna lose him
You can't see the consequences of what your doing
He gonna leave you ruined it's your body he just using

And I don't wanna hear what he done for you
How he kisses and hugs on you
And how he's like, "I got love for you"
A man gotta do what a man gotta do
But what a man outta do's respect you
God's got a better plan for you a better man for you
But it's up to you just to pick from the choices that I'm
handing you
Don't let him play with you 'cuz it ain't too late for you
'Cuz if he really loves you girl he'll just wait for you

I'm gonna wait for you
I'll save myself for you
I'm gonna wait for you
I'll save myself for you

Yo yo, what's up dude? Yo, what's the deal?
I hear you braggin' how your baggin' chicks
Oh yeah, you keep it real
You got game, you the mack now, you the player
Sit down, shut up and listen to what I gots to tell ya
You just a real man when your having sex right?
I used to have a dog who had sex every night
That didn't make my dog a real man now did it?

You ain't a real man 'cuz you hit it and
You bounced when you finished now

See to me it takes a real man to wait to get it
I waited till I was married son and I never regret it
It ain't a dirty word to be a virgin
God's got a better plan for you to do but you need to
start learning
I know your burnin' see I ain't trying to just make you
mad
You gotta understand why all these kids ain't got no
dad
What I lay down is common sense
Is everybody wants sex but they don't want the
consequence

I'm gonna wait for you
I'll save myself for you
I'm gonna wait for you
I'll save myself for you

I'm gonna wait for you
I'll save myself for you
I'm gonna wait for you
I'll save myself for you

"Hello, yeah yeah yeah, listen we're not ready
Ya we need to wait, we gotta do this right
Ya alright, I love you
I'll talk to you tomorrow"

I'm gonna wait for you
I'll save myself for you
I'm gonna wait for you
I'll save myself for you
