what you want what you want what you want w, w, want  
(man what you want)

so what you want life or death  
one day you can find yourself  
all done no life no breath but  
do you know what might come next

so sure that your cruising by  
don't occur that you's gone die  
so you's gone find  
the hard way out in due time
