I'm sitting by the railroad  
I'm back where we started  
Watching trains go by  
I'm sitting at the station  
In this situation  
I'm far away from you  
I've been alone  
Watching you fly  
I've been telling you secrets  
But I just don't know why  
I keep on trying

Refr.

Better believe that I'm coming for you  
You better be sure when you open the door  
You better be wiser than I was before  
Cause this time I won't leave you alone

I'm sitting by the ocean  
I'm filled with emotions  
As the day has gone by  
I can't stop believing  
that I'm blessed with this feeling  
Got to be with you again  
You've been all alone  
Watching me cry  
You've been filling my dreams  
But I just don't know why  
My tears have run dry, but you

Refr.

Better believe that I'm coming for you  
You better be sure when you open the door  
You better be wiser than I was before  
Cause this time I won't leave you alone

I've been waiting for this moment forever  
I've been waiting for a change in the weather  
When we'll be together again

You've been all alone  
Watching me cry

But I just don't know why  
I keep on trying

Refr. (x2)

You better believe that I'm coming for you  
You better be sure when you open the door  
You better be wiser than I was before  
Cause this time I won't leave you alone

I'm coming for you...
