And you're so unusual  
The way you say my name  
Kinda like a pill I take  
To kill the pain in my brain

And it's so consuming  
Still awake but sleeping  
Try to hold this feeling  
'Cause away, 'cause away it goes

Love the way you're so consuming  
You're like a picture show  
Slowly dance inside my head  
With all the chemicals  
Face down on the ground  
Face down

And it's so consuming  
Still awake but sleeping  
Try to hold this feeling  
'Cause away, 'cause away it goes

And it's so hard to see you  
And it's so hard to be you  
And it's so, so

And it's so consuming  
Still awake but sleeping  
Try to hold this feeling  
'Cause away, 'cause away it goes

'Cause away it goes
