(I'm standing tall- high aigh aighai highai highaiaia)

It's been a month and a day now
And still there's no sign of you
Thinkin of all i've done and can't undo..

But i'm not walking in cirkles
Cause I've found something new
I'm here to tell you that I have made it through!

And I'm standing tall
I've been through it all
I said to myself I'll never fall
Cause I've been through hell, got up when i fell
I promised myself I'd live to tell
And I'm standing tall
I'm standing tall x3

I don't believe in miracles
I don't believe in faith
I don't believe that love can turn to hate
Oh no
And if you're hearing my voice now
Over your radio
There is just one thing I wan't you to know...

And i'm standing tall
I've been through it all
I said to myself I'll never fall
Cause I've been through hell, got up when i fell
I promised myself I'd live to tell
And I'm standing tall
I'm standing tall x3

And it really blows my mind
I just never saw the sign
Now I leave it all behind

And I'm standing tall
I've been through it all
I said to myself I'd never fall
Cause I've been through hell, got up when i fell

I promised myself I'd live to tell
And I'm standing tall
I'm standing tall x3

I'm standing tall!
