Visit "[Yes I Was](#)" on MotoLyrics.com

Did I marry way too young
Did I think he was the one
Did I find out I was wrong
Yes, I did

Have I watched my babies grow
Have I taught them all I know
Have I raised them all alone
Yes, I have

All that I know is these are the places that I've been
Every mistake I made is a part of who I am
Was I a fool to always trust so much in love
Was I wrong, was I right, yes, I was

Did I wait tables all night long
Work my fingers to the bone
Did I struggle to be strong
Yes, I did

Have I grown up way too fast
Have I learned from all my past
Have I found some peace at last
Yes, I have

All that I know is these are the places that I've been
Every mistake I made is a part of who I am
Was I a fool to always trust so much in love
Was I wrong, was I right, yes, I was

All that I know is these are the places that I've been
Every mistake I made is a part of who I am
Was I a fool to always trust so much in love
Was I wrong, was I right, yes, I was

Yes, I was, was I
Was I wrong, was I right
Yes, I was
