I can make you want me
Each time i make you taste me
Looks like you're goin' down girl

'cause each time you make me taste it
I know you can't fake it
Damn the way that you scream girl

Sometimes it makes me wonder
When i know that i'm not playin' round
Feels like i'm sinkin' into you

I didn't want to make you love me
I just wanted to drive you crazy
It's just you're so bad baby

'cause each time you make me feel it
You know i can't fake it
Looks like i'm going down girl

Maybe it's time
For me to go
I don't want to hurt
No more

Sinking into you
