And you're so unusual
The way you say my name
Kinda like a pill I take
To kill the pain in my brain

And it's so consuming
Still awake but sleeping
Try to hold this feeling
'Cause away, 'cause away it goes

Love the way you're so consuming
You're like a picture show
Slowly dance inside my head
With all the chemicals
Face down on the ground
Face down

And it's so consuming
Still awake but sleeping
Try to hold this feeling
'Cause away, 'cause away it goes

And it's so hard to see you
And it's so hard to be you
And it's so, so

And it's so consuming
Still awake but sleeping
Try to hold this feeling
'Cause away, 'cause away it goes

'Cause away it goes
