It's hard to love someone, that's in love with someone
else

You have to ignore the pain and swallow your pride
It's not enough , enough for him to like yo
It can't be done, done to impress him

You have to open up and let your heart be your guide
Just believe inside

Just go and tell him you love him
From causing a, from causing a heartbreak
Just go and tell him he's the one from making a, from
making a heartbreak
From making a heartbreak

It's impossible, impossible that he'll care for you, care
for you

You know it won't be real, wouldn't be true love
You'll never, never have that kiss
You'll never, never have that date

You have to open up and let your heart be your guide
Just believe inside

Just go and tell him you love him
From causing a, from causing a heartbreak
Just go and tell him he's the one from making a, from
making a heartbreak
From making a heartbreak

Another love gone wrong
Another heart shattered
Welcome to reality, where feelings don't matter
Oh Oh Oh Oh

Just go and tell him you love him
From causing a, from causing a heartbreak
Just go and tell him he's the one from making a, from
making a heartbreak
Just go and tell him you love him
From causing a, from causing a heartbreak
Just go and tell him he's the one from making a, from

making a heartbreak
From making a heartbreak

Heartbreak, Heartbreak, Heartbreak,
Heartbreak, Heartbreak, Heartbreak,
From causing a Heartbreak
Yeah Yeah
