In your mind you have abilities you know
to telepath messages through the vast unknown.
Please close your eyes and concentrate
with every thought you think
upon the recitation we're about to sing:

Calling occupants of interplanetary craft.
Calling occupants of interplanetary, most extraordinary
craft.

Calling occupants of interplanetary craft;
Calling occupants of interplanetary craft;
Calling occupants of interplanetary, most extraordinary
craft.

You've been observing our earth
and we'd like to make a contact with you.

We are your friends!

Calling occupants of interplanetary craft.
Calling occupants and interplanetary ultra-emissaries.

We've been observing your earth
and one night we'll make a contact with you

We are your friends!

Calling occupants of interplanetary craft.
Calling occupants of interplanetary, quite extraordinary
craft.

Please come in peace we beseech you.
- Only a landing will teach them! -
Our earth may never survive,
so do come we beg you.
Please interstellar policemen.
Won't you give us a sign (give us a sign)
that we've reached you?

With your mind you have ability to form.
And transmit thought energy far beyond the norm.

You close your eyes,
you concentrate
together - that's the way
to send the message:
We declare World Contact Day

Calling occupants of interplanetary craft;
Calling occupants of interplanetary craft;
Calling occupants of interplanetary, most extraordinary
craft.

Ahhh

Calling occupants;
Calling occupants;
Calling occupants;
Calling occupants;
Calling occupants of interplanetary, most extraordinary
craft
