I just can't help myself
You've got control of me
I'm not the kind who likes to hang around
I just can't help myself
I should walk away
But something's telling me to stay
(chorus)
I can't help it
I can't help it if I love you
I can't help it
And I'm not gonna try to
I can't help it
I can't help it if I love you
Got to fill this emptiness inside

It's like telepathy
Almost magnetically
Every part of me is drawn to your side
It's not like me to be

Goin' out of control
You could stop it if you tried

(chorus)

I just can't help myself
You've got control of me
It's a tragedy what you have done to me
A major catastrophe
It's getting out of control
You could stop it if you tried

(chorus)
