"Perpetual Motion Machine"

Visit "[Perpetual Motion Machine](#)" on MotoLyrics.com

Send your dollars or your moms and fathers
For there's something you should own
You can have one today just send right away
We deliver right to your home
You can't get better value for your money
Than you get right here
You don't have to see it to know you need it
It's all the rage this year
You can have your own, very own perpetual motion
machine

What a nice surprise it's just the right size
For someone just like you

It's just what you need and it's guaranteed
To do exactly what it will do
It stays together it'll last forever
Which is something new these days
One thing about it you can live without it
But you'll order one today

You can have your own, very own perpetual motion
machine
