?

My mother is a virgin
My father is a king
Oh come on, pretty honey baby
Why don't you let me in

I've been knocking at your door
Please, baby give me some more
Can't you see that I am little bored
I say do you want two, three and four

My mother is so beautiful
My father is so wonderful
I am so awful
I am so full

I've been knocking at your door
Oh please baby, give me some more
I don't wanna sleep on the floor
Do you want two, three and four

?

My sister is horrible (So sexy)
My brother is horrible
I am awful

I've been knocking at you door
Come on baby, give me some more
Can't you see I'm little bored
I say do you want two, three and four
I've been knocking at your door

(Thank you again)
