Blind
Open your eyes
Open your eyes
My eyes they see
The way it is
And the way it has to be for me
To survive in this world
Full of misery
Do you see the answers never come
Quite so easily
Be free
Forget who you were
Find out what you'll be
Open your eyes
Open your eyes
I'd die to see
A world where we could
Exist in harmony
And peace
The choice is ours
And the answers up to
You and me
The time is now
So rid yourself
Of the slavery
Forget who you were
Find out what you'll be
Don't be so blind
You've been lied to your whole life
It's time to stand up for what's right
Will you ever learn in time
I chose to take back my life
I chose to take back my life
Out of darkness into light
How can you expect to find
If you don't open your eyes
Down inside
My soul it bleeds
And cries out for the one's just like you
With no relief I wish that I could just touch you and
make you complete
The only way to get back up on your own

Two feet
Forget who you were
Find out what you'll be
Open your eyes
Open your eyes
Don't be so blind
You've been lied to your whole life
It's time to stand up for what's right
Will you ever learn in time
I chose to take back my life
I chose to take back my life
Out of darkness into light
How can you expect to find
If you don't open your eyes
We're all plastic all the time
You wear your mask and I'll wear mine
How it's to be
We all get hurt at times
You bear your cross and I'll bear mine
It's not what you see
It's what you ought to be
Open your eyes
Open your eyes
Don't be so blind
You've been lied to your whole life
It's time to stand up for what's right
Will you ever learn in time
I chose to take back my life
I chose to take back my life
Out of darkness into light
How can you expect to find
If you don't open your eyes

Don't be so blind
