Look behind the mask
See the baby's eye
The one who's all alone
The one left victimized
Gaze upon the child
Head hung to his chest
He has no self esteem
Far worse than the rest

Trapped inside himself
Locked behind the walls
No relief in sight
Wants to end it all

Drowning with land in sight
No way to ease the pain
No end to suffering
A life of Hell to gain

Look behind the mask
See the liar's eye
The one who's all alone
The one left victimized

Gaze upon the child
Head hung to his chest
He has no self esteem
Far worse than the rest

It's you it's me desinted disease

An empty, hollow past
Future full of doubt
A burning question still
Which one to cancel out

A body in a box
Flowers on the grave
No one can hear the cries
Final choice is made

It's you

It's me
Destined
Disease
