Ride the pandemonium  
The hyper confusion  
Into nowhere

Ride the pandemonium  
The hyper commotion  
Escape to nowhere

Glimpse, no illusion  
In the distance  
Information

Glimpse the existent  
In the distance

In the chaos of oblivion  
Transformations

See the speed set to PSI  
To cypher speed  
Speed's set to PSI  
To cypher

Reset to PSI  
To cypher speed  
Speed's set to PSI

To cypher speed  
Speed's set to PSI  
To cypher

Back to where it started  
Free of all the noise escaping inside  
Nothing is inside the darkness  
Locked into forever moments

Sitting still in silence  
Scurrying no more  
Towards the everything you've ever wanted  
Eyes are closed to find the love inside

See the speed set to PSI  
To cypher speed  
Speed's set to PSI  
To cypher

Reset to PSI  
To cypher speed  
Speed's set to PSI  
To cypher

In the chaos of oblivion  
Transformations, transformations  
Transformations, transformations  
Transformations, transformations
