Hoo, hoo yea, hoo

Sunlight on a winter's day
They are driving, driving all the way

No more tears as we roll through the years
No more tears as we roll through the years
On and on and on and on we roll

Hoo, hoo yea, hoo

Sunlight on a winter's day
The Mu Mu is here to stay

No more tears as we roll through the years
No more tears as we roll through the years
No more tears as we roll through the years
No more tears as we roll through the years

No more tears as we roll through the years
No more tears as we roll through the years
No more tears as we roll through the years
No more tears as we roll through the years

On and on and on and on we roll

Hoo, hoo yea, hoo

Sunlight on a winter's day
The white room is where they play
