(Duff)

Watching as the ceiling changes light.
Thinking about everything and nothing at the same
time.
Wishing I was someplace far away.
Would I know the language or would it all be my way.
I'd be there, if only we could fly away.

Don't remember anything you said.
I wasn't really listening, just drifting in my head.
Don't believe the things the "doctor" says
Why should I talk to a stranger when we don't here
Why be there, when there is one thing I can say

I'm in here! I should know
I'm in here! I should know me.
I'm in here! Don't you tell me I don't know me
I'm in here! Don't you tell me I don't know me

I feel like flying.

Nothing you can do would change my mind
Unless you want to hold me and make up for lost time
Don't you think it's funny how we hide
And this is all I want to say

I'm in here! Don't you tell me I don't know me
I'm in here! Don't you tell me I don't know me
I'm in - I'm in here! Don't you tell me I don't know me
I'm in - I'm in - I'm in here! Don't you tell me I don't know
me
I'm in - I'm in here!
I'm in here.
