Below the belt - above the law  
Right the muzzle - left the claw  
Within - without  
Get in - way out  
Inbetween throughout  
Ever true - never doubt

Far and beyond we rise above  
I against I  
Come on - go off

Land under foot - fly over head  
Solve a puzzle - pose a threat  
Within - without  
Get in - way out  
Inbetween throughout  
After is before - less is more

Get in - get out  
Rise up - fall down  
Now or never  
Now - forever  
It's a fuckin' takeover  
Shit or get off the pot  
Whatever you stand for  
We do not

Wtf?!  
Hi-dee-hi  
Hi-dee-ho  
Come on - go off  
Here we go
