Come on Come on brother
Obedenimsya
And not to be
Cherno-White

Brother Come Forward
Let's see
What's not to be
On the rich and poor

Come on Come on brother
Perhaps we last
Forward Look
In the past Do not Live

Next Brother
The teachings will pave the way
B Militant Rest
Who will win The World

Bodki friendship and shoes under the ass!

The Fog Has Lifted
The Blood Has Dried
Youth Of The World
Your Time Is Now
Don't Fight
Unite
