The biggest mistake was to let you near me
I'm speaking to you but you won't ever hear me
Close to the touch but aeons away
On a distant planet, on another day

I thought we were even, I hoped it was cool
Your guilty pleasures made you a fool
I extended it all but you turned it to dreck
You keep trashing my name and stabbing my back

I shall not be terrorized
You will pay for all those lies

And every day's a good day to die
Fuck, fuck, die, motherfucker, bye-bye
And every day's a good day to die
Fuck, fuck, die, motherfucker, bye-bye

Every day's a good day to die

A spewing volcano of distortion and hate
You plead and beg me to spare your fate
You evoke our friendship and the days of old
But I know a dish that's best served cold

The gleaming blade, a muffled cry
You won't live to testify

And every day's a good day to die
Fuck, fuck, die, motherfucker, bye-bye
And every day's a good day to die
Fuck, fuck, die, motherfucker, bye-bye

And every day's a good day to die
Fuck, fuck, die, motherfucker, bye-bye

I gave you it all, I let you perform
You sowed the wind, now you'll reap the storm
In the coldest blood, steady-handed
I take no prisoners, the eagle has landed

And every day's a good day to die

Fucker, fucker, die, motherfucker, bye-bye
And every day's a good day to die
Fucker, fucker, die, motherfucker, bye-bye

And every day's a good day to die

Good day
Good day
Good day

Idiot
Idiot
Idiot

And every day's a good day
