All you nations, come and listen  
The truth is a mess and politics are pissing  
We need a revolution to rip the system

And thousands are starving  
And the rest are all missing  
Bury the future, here we go  
Goddamn suckers, yell for more

More and faster, here we come  
White and trashy and incredibly dumb  
Enjoy yourselves, crash boom bang  
The final solution, KMFDM

All you people, this is trash  
We abominate music, we're here for cash  
Barmy army for everyone  
Black man, white man, yellow man

We need a revolution to rip the system  
Millions are homeless and the rest are missing

More and faster, here we come  
White and trashy and incredibly dumb  
Enjoy yourselves, crash boom bang  
The final solution, KMFDM

More and faster  
More and faster  
More and faster  
More and faster

Smash your headphones, cut your hair  
Pump up the volume, I don't care  
Tacky beats, my sugar-queen  
Get on up like a sex machine

We know your tricks  
Don't try to cheat  
So get down on your knees, boy  
Beg for the beat

Blast your head off  
You got no choice  
Don't cut that beat  
Don't stop that noise

More and faster, here we come  
White and trashy and incredibly dumb  
Enjoy yourselves, crash boom bang  
The final solution, KMFDM

More and faster  
More and faster  
More and faster  
More and faster
