"Ooh La La"

Visit "[Ooh La La](#)" on MotoLyrics.com

I survived glorious massacre
Stared death in the face
Shared human flesh
With satan's brother
Relived horror
Evil and jinx
Ooh la la

I there a light at the end of the tunnel
Ready to be scared
Sexy
Hungry
Murder suspect
Ooh la la

Voodoo
Love goddes
Remains wary
Using scare tactics to sabotage me

Fantasize about being free
Bounce back on the beam
Sexy
We are hungry
Loosen up
And get dirty

And then I felt myself falling insane
Ooh la la
And then I felt myself falling insane
Ooh la la
Felt myself falling insane
Felt myself falling insane
Ooh la la
