Blackened blood that stains this bed  
My sweet addiction I thee wed  
You will work  
I will win  
I will drink in all your sin  
Till gallon drunk I hit the ground  
Your reason rhymes with pence & pounds  
Money makes morality  
Your dividends  
My decency

Your cheapest cut is sweet corrosion

The interest due is never frozen  
Pass the bill  
Have your thrill  
There's a pill for all your ills

You will condemn  
I'll convert  
You will preach  
I will pervert

Lay on your face  
And beg  
That the mercy of god  
Will come upon you
