To share is to split

Things that used to be one  
Become divided being in halves  
Violence turns into fear  
Breath in duality, like twins start to feel

Those halves are developing well  
My wounds are remainders  
Painful as hell  
Either one face each on one side  
Like a wall in the heart  
Like twins torn apart

Let's boost everybody's bonfire  
Yeah, greater than one  
For everyone  
Don't hand down the blackness  
Quizzical pig  
Give up your loot  
Too big for your boots

Coming together  
Falling apart To share is to split  
Come on, Come on  
Lets be split  
To share is to split  
Come on, let us split

Find out the way that it feels  
Structures fall to pieces  
Deny Your Ideals  
Bury the Earth  
Let's take every nation  
Systems struggle  
Borders fall  
Shake the foundation

Coming together  
Falling apart  
To share is to split  
To share is to split

Come on, let us split

Both halves are developing well  
My wounds are reminders  
Painful as hell  
Either one face each on one side  
Like a wall in the heart  
Like twins torn apart
