"Sunny Days"

[Verse 1:]

Pour me a cup of tea like dat old song
Dat I had like dat old girl I was wrong
And it's sad if I spit I will cuss you
Is that bad cause I really did trus you
If the thought ever surfaced to leave you
I would die cause the purpose would be you
You've changed for the world look how you are
You front grillin me from a dudes car
How sudden let me see you got a tongue ring
How funny we forget about the little things
Say word now you hang out with big girls
And the guys you date these days differn
I hear the stories and it makes me sicker
My heart aches you fake like a picture
So close to reality but not quite
So dope man her body was so right
She was a highschool shit how would I've known
That her thoughts would conflict like the bible
I don't offend I pretend ike I'm laughin
Like we connect like some shit could really happen
And it did we made a move for this long thing
I met the parents and gave her the round ring
And all of a sudden she got a license to nag me
What the fuck I'm jus trying to make you happy

[Chorus:]

(Sunny days)
-nope don't have em no more
-watchu on the phone for
-don't cal lme no more
(Sunny days)
Naw so don't agonize me
-I can't stand the stress
-see I'm alright without you
(Sunny days)
-see I'm far from your reach now
-your body doesnt tempt me... maybe jus a lil
(Sunny days)
-yea on the real

-like welfare checks
-you and I are through... through... through

[Verse 2:]

Alright I'm vexed
Aite look I'm tired and stress
Don't commend me like that cool it
I'll be back watch dr phill or somtin
You a lil to excited it's not your birthday
You might as well be a rapper talkin all that shit
What the... you throwin things aite that's it
You goin fix it I'm not gona scream
Not on some bitch shit, nothing but chill
I'm not callin you a bitch jus a figure of speaech
What's all these I hates yous
You sound like kellis, love look
You'r piercing me with this fierce scream
Seriously my ears feel like they bleeding tears
And hears the head scarf you left in my domain
And hears teh photos of our memory lain

[Bridge:]

And hears teh photos of our memory lain and there's
(nothin for you around here)
You crossed over the other side of the tracks so there's
(nothing for you around here)
I used to bet on you
But now the bets off and you know I got roots
There for my ex love
A brother like me deserves the best of
And your not some...
