Kill the first one that escapes
From the basement
A move to try and suffocate
Your replacement
Holding back the hand that shakes
He waits for
He waits for

An open space out on the floor
He waits for
He waits for

(Chorus)
Effortless - distance yourself from the rest
Effortless - a wishing well that won't confess to
Effortless - distance yourself from the rest
Effortless - a wishing well that won't confess to

Kill the first one that escapes
From the basement
A move to try and suffocate

Your replacement

Holding back the hand that shakes
He waits for
He waits for

An open space out on the floor
He waits for
He waits for

(Chorus)
Effortless - distance yourself from the rest
Effortless - a wishing well that won't confess to
Effortless - distance yourself from the rest
Effortless - a wishing well that won't confess to
