And it's like, she don't know much
He'll tell her what she needs to know

And she'd love, to start packing up
If she had somewhere else to go

And she'll tell all her friends
Because she wants to
And she wants them to
Understand what she's been going through
For a simple system, to resist him
She'll hold her breath 'til she turns blue

(Chorus)

And it seems like to him she's just a fixture
And if she ever left, well I know he'd never miss her
To him she's just a fixture
And if she ever left, well I know

(Chorus)

And it seems like to him she's just a fixture
And if she ever left, well I know he'd never miss her
To him she's just a fixture
And if she ever left, well I know he'd never miss her

And it's like, she don't know much
He'll tell her what she needs to know
And she'd love to start packing up
If she had somewhere else to go
And you know she'd go

Laughs at all my friends
Because I want to and I want them to
Understand what she's been going through
For a simple system, to resist him
She holds her breath 'til she turns blue

(Chorus)

And it seems like to him she's just a fixture
And if she ever left, well I know he'd never miss her
To him she's just a fixture
And if she ever left, well I know
