Sometimes I get problems that are hard to solve  
What's your story?  
That's my opinion

Questions and the answers can take very long  
Here's a story  
What's your opinion?

Sometimes I get problems that are hard to solve  
What's your story?  
That's my opinion

Questions and the answers can take very long  
Here's a story  
What's your opinion

Of all the guys and the signori,  
Who will write my story,  
Get the picture, they get glory  
Who looks after my story?

All the guys and the signori  
Telling another false story

Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve itch  
Liberals giving me a nerve

Now living and always moving  
Now living and always moving

Not a vagina,  
It's an option  
The cock  
Had it coming

Not a vagina,  
It's an option  
The cock  
Had it coming

Ha ha ha ha ha ha  
Ha ha ha ha ha ha

Now living and always moving  
Now living and always falling

Sometimes I get problems that are hard to solve  
Here's a story  
That's my opinion

Liberals giving me a nerve itch  
Liberals giving me a nerve itch

Ha ha ha ha ha ha  
Ha ha ha ha ha ha

When you're full of fire,  
What's the object of your desire?  
When you're full of fire,  
What's the object of your desire?

When you're full of fire,  
What's the object of your desire?

Asking questions that are easy to reply  
Asking questions that are easy to reply

When you're full of fire,  
What's the object of your desire?

Let's talk about gender, baby,  
Let's talk about you and me  
Let's talk about gender, baby,  
Let's talk about you and me  
Let's talk about gender, baby,  
Let's talk about you and me  
Let's talk about gender, baby,  
Let's talk about you and me
