Who's wrong but fair?
Who's wrong but fair?

As I move down the street
As I walk blop blop
As I move down the street
As I walk blop blop

Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me
Use all of me

Oh
Oh move

Stay out here
Stay out here
Is this happening?

They make it worthless, it will be
It's now when they dance

Just so, just now, the you know falls
Our short century
Time Square

I know the last
You and me
Are you on your way?
Just so just how I hear a call
Our short century

You have the most I wait to engrave
You've put my foot in front of the other

When you thought you was all mine
One foot yours on mine
One foot yours on mine
One foot yours on mine

Stay out here
Stay out here
Is this happening?

That breaks my band, what's left for us all?
You stand down, pinball
And this time, this time time
What is remember?
We hate too much
Try to stay out here

You have the most beautiful way
Putting one foot in front of the other

You know that sometimes it's from the fall
Those things we love are open indeed

Stay out here
Stay out here

You sure will love me
Most things we love are open in this
They are here
We're more friendly
Lose your way, your way
Lose your way, your way
Put one foot in front of the other
Put one foot in front of the other
Put one foot in front of the other
Put one foot in front of the other
Most things we love are open in this
They are here
We're more friendly

Use all of me
Use all of me

As I move down the street
As I move down the street
As I walk blop blop
As I walk blop blop
As I make shape of it so long

Just won't go back
Walk walk walk
Blop blop blop
