Wrap your arms around me

Without the dreams I face the time
It's starting to spook and walk amongst
And I got the urge to pull the trigger slow

Will you remind me?
Wrap your arms around me

Tell me all those things who aren't done

I recall the following rule
If you're in pain that's how I can really show

Many things that have to do
Feel all the people close with you
And free the unknown change
After piercing

Wrap your arms around me
Wrap your arms around me
Wrap your arms around me
Wrap your arms around me
