gangstas, the hood lovers  
Cause we, keeps it gutter and oh so grimey  
Looking for me, on the block is where you'll find me  
And I'm probably counting dirty money  
Or with a thick chick, big thick jamaican honey  
And one a them rude boy toys  
Disturbing the peace, bringing that noise (wahwow)  
Or I'm probably just chilling with Cham  
Or in the dope spot, with the scale, counting them  
grams (fo' sure)  
But I'm, for the word brick  
1-800-pusha sweet supply that fix (heh)  
[Hook:]  
If your looking for me I'll be on my corner  
Niggas since you gully, come and get me if you wanna  
I'll be that dude in that canary yellow hummer (we ain't  
going nowhere)  
Rolling with that calico, that eagle and that lama (bring  
it)  
Bring it on  
You can find me on my corner  
Niggas since you gully, come and get me if you wanna  
I'll be that nigga hugging on your baby mama  
Bussin' that calico, that eagle and that lama
