(Laughter)

I'm a crusader  
I'm the darkest lady  
I'm the taste on your tongue

I'm Darth Vader  
I know what I'm made of  
Cause I was born by the sun  
The sun

You're looking for me  
But it's not what you seek  
I've got a twisted personality

You're a crusader  
You're the darkest lady  
I like the taste of your tongue

You are Darth Vader  
I know what you're made of  
And you were born by the sun  
By the sun  
By the sun  
The sun

And I'm looking for you  
And I'm glad I found me  
A special kind of personality

When the spark goes out of you  
And (???) fear me  
I am your lung

I'm Darth Vader  
I know what I'm made of  
Cause I was born by the sun  
By the sun  
The sun  
The sun

I was looking for you

I'm not glad I found me  
A special kind of personality

Yes, you are the crusader  
You are the lady  
I want to chase your tongue

You are Darth Vader  
I know what you're made of  
You are like a lung  
A lung  
A lung  
A lung

(And you were born by the sun) You're looking for me  
(By the sun) But it's not what you seek  
(By the sun) I've got a twisted personality  
By the sun

You're looking for me  
But it's not what you seek  
I've got a twisted personality (A special kind of  
personality)

(Laughter)
