I remember the day that I first met you
You looked so good to me how can I forget you
The way you moved girl when you started walking
I got chur number through a friend
Now we're both talking
Everyday it seems my love for you keeps growing
The things you did to me baby you aint know it
I grabbed the phone, when it rings I'm hopin that it's
you
When I first saw you baby yes I fell in love with you
I got chur pictures thank u baby yes I love em
I like them poses
the sexy ones I'm thinkin of em
Everyday as I awake, the first thing that I do
I thank the lord for giving me another day with you
Say that I'm the one you love that I'm the one your
missing
Girl you be the one I wish that I was kissing
Life be special my eyes once again be gleaming
It's all because of you cause your the one I'm dreaming

Chorus:

Baby you gotta know that I love you
Lady you know I'm always thinking of you
Baby you know you got to be the one for me
Girl your driving me crazy
(X2)

Kinda nervous the day that I first called you
But I did it girl I had to know about you
I couldnt take it with you I gotta make it
Heres my heart baby doll but plz don't break it
It's up to you if you wanna take this further
Don't ever leave cuz if I lose you it be murder
You know that I love you
I don't want to be without you
Your the one so best believe I'll never doubt you
Girl you made me see the light and how it shines so
bright
And how I only wanna kiss and always wanna hold you
tight
You be the finest thing my eyes have ever witnessed

Broke as fuck it wouldn't matter you would bring me
richness
You got a way that makes it all seem so easy
I love it when you say you love me and the way you
please me
Aint no girl in this whole world that'll take your place
And best believe I gotta compliment the way you taste

Chorus:

Baby you gotta know that I love you
Lady you know I'm always thinking of you
Baby you know you got to be the one for me
Girl your driving me crazy
(X2)

You know that I need you
I can't stop thinking about you
I couldnt imagine living a dream along without you
You know that I love you
And forever I want you for me
If you jus give this man a chance baby soon you'll see
Just be patient baby doll and please don't rush me
And do believe that all the words you say they touch
me
I never had a girl like you
But now that I have found you
I'm thinking about the day I put these arms around you
Cuz you have got to be the one the girl that I am
looking for
The one that I'm in love with your the one that I adore
Baby nothing changes but the way I feel
I never thought that love would do this kinda shit for
real
You got me spinning wondering what you be doing
When your not around it's your love that I'm pursuing
U know that I got to have u kiss me, come and hug me
Let me hold you tight and tell me that you love me

Chorus:

Baby you gotta know that I love you
Lady you know I'm always thinking of you
Baby you know you got to be the one for me
Girl your driving me crazy
(X2)

That's right baby
Once again you brought happiness back into my life
And I have to thank you for that
I love you
