[Mr. Shadow]

I'm navigatin allah high  
Alleviation 4:20  
with this natural high canibus  
nothing I do is petty  
now let me break it down one time  
you better think twice about trying  
to fuck with mine  
you cross the line I pull the fire  
divin out the barrel  
fuck with Mr. Shadow and I'm colder than  
a piece of metal one man battaliate writing on you  
gaffes  
you might be able to see me but you  
bitches can't touch me  
It was me and Knightowl prowling through your secta  
you wanna be us ain't no motherfuckin heart to  
disrespect us  
or test us never the less approach us  
find me down in wab town by the har smoking roaches  
now what up

[Chorus - repeat 4X]

Why would you want to come and fuck with me

[Knightowl]

Omigi Park where it be crazy at the dark  
The place where bullets fly and lots of motherfuckers  
die  
No need to panic if you don't bang no need to sweat it  
Go ahead and walk on through just let em' know the  
Knightowl said it  
But if you pose and never disrespect us  
You'll be the next that's had em'  
In a mess with lead inside your chest  
I never meet a fool that had the courage  
that had the fuckin balls but if I do than he falls  
Life is not a toy and this rap game is getting violent  
I'm still the one that's winnin so I'm still the one that's

smillin

Go ahead and make the move I'll turn that ass to ashes  
Flashes when your life goes by  
We walk up we don't drive by

[Chorus]

[Mr. Shadow]

Now before I evacuate Let me assassinate the  
microphone  
And crush these fuckin haters like their styrophone  
This is the battle zone home to all ridas down to die any  
day  
You doubt us come and try us  
You could walk right by us and feel what's gonna to  
happen  
From the stabbin to the jakin bone krackin to they head  
snappin  
Killa actions subtractin motherfuckers from your block  
If you choose to be a hater than you need the glock

[Knightowl]

Your stranded, lucky me look where you landed  
On the wrong fuckin side now should I let you stay alive  
Would you do the same for me If I was to let you breath  
I don't think so now I think you'll be the next that won't  
receive  
A bury celebration don't think assassination I do not  
give a shit homes  
This be your termination  
So fuck you and your homies if you claim old thee S.D  
I'm bangin' on you bitches best be all W.E.T

[Chorus] - 2X

[Knightowl - repeat 2X]

You don't even know me  
And you're not my fuckin homie  
You don't even know me  
And you's a motherfuckin fonie
