I've been waiting so long to tell you that I can't shake these feelings.

Because baby you've got me all wrong, and you can't help but to try and change the way I am.

I won't ask for more I know that you can't handle.

And now that you're gone, I just want you to know you meant everything to me

Is this the way it should be, you and me, stop this fucking around.

Don't you know what I mean? Can't you see? Stop this fucking around

Yeah, I can't get you out of my mind.

I'm sick of all things that you said (to me), you keep taking up my time.

Baby its been too long. Now I know that I can't stop this drama.

I just wanted to tell you there's something I just need to get off of my chest

Is this the way it should be, you and me, stop this fucking around.

Don't you know what I mean? Can't you see? Stop this fucking around
