"High as you can go"

Single file boys
Signposts to the sun
As high as you can go
Lennons and Monroes
Claw their way to the stars
If they knew
And I don't care who you are
Just sign the line and away you fly

Unexpectedly rejected
Safety for the few
Same excuses resurrected
None of them are true
High as you can go
Lennons and Monroes
Claw their way to the stars
If they only knew
No I don't care who you are
Just sign the line and away you fly

Take a chance
Join the dance
Make the sound
Take a chance
Join the dance
Or go to ground.

No I don't care who you are
Sign the line and away you fly
