[Talking]

Pill me for my addiction

Feel my prescription

Try everything, I've tried everything

Check this shit out

I be that Egyptian who need a prescription (So what's poppin?)

Pain pills, feel my addiction

I'm caught up in the mix and plus I need fixin'

This is fact not fiction, bitch, why you bitchin'

Take a listen witcha ears and close ya mouth

Wash it down wit' some water before ya pills fall out

In the darkness I hear somebody call out my name

When I think about the past all I see is the flames

Angels try and save me but I'm crazy

They say 'Follow me' but I can't fly wit' these broken wings

And 'Tongues' are spoken things

Don't know what they mean, nightmares that I'm a dope fiend

Insomniac, I don't sleep, I can't dream

The voices say 'Follow me' the pills say 'Swallow me'

I gotta migraine, dead brain cells

Anphenamines flowin' through my veins takin' me to hell

Can't you tell I'm in another dimension

Can't you tell I'm in another dimension

Hell on earth and I got a life sentence

The only way to get to Heaven's repentance

(Chorus)

[Jill O'Neil]

Pill me for my addiction, feel my prescription, baby

[Esham]

I'm ya pain killa [2x]

I'm a pain killa, a game killa

The one you come to when ya need the same killa

Footprints in the sand walkin' witcha

The shadow behind you who can getcha

Thoughts of suicide run through my mind
I think about murderin' murderers all the time
I close my eyes and turn into vapors
Smokin' blunts in the Bible papers
My mind travels at light speed
'Cuz I speed in the fast lane swervin', my eyes bleed
Now let me tell you what I need
Pussy, pain killas, pills, and weed
Maybe a world without greed
Until then, all my words you must heed
And do believe, alter ya mind state
You'll never find fate, you'll never find love, you'll only
find hate
Wait, for goodness sake don't act fake
And baby, these pills relieve my headache
From the cemetery I watch the dead wake
Enough dope to make all the feds shake

(Chorus) [4x]

Enemies wanna kill me up, pill me up
And squeeze they triggas 'till they slugs fill me up
Now, who wanna try me, crucify me
Wanna assassinate the holder of ya fate
'Cuz you'll do anything for the dooper me
Ain't no hope it seems for another dope fiend
O.D.'in in the dope house ya be in
Layin' dead witcha eyes open, forever seein'
'Cuz ya pillin', you be pillin'
Pill, pill, pill
Pill me, you just pill me
You just pill me
