Here comes the sun
Calling out to everyone
Here comes the sun
Falling down on everyone

Here comes the moon
Her shadows come to swallow me soon
Here comes the moon
Her shadows come to swallow me soon

It's alright
You're not the only one.

There go my fears
Running on a river of tears
There go my fears
Running on a river of tears

Here comes the pain
Here comes the pain
The hurting again and again
And again and again

It's alright
You're not the only one

So I got to thinking
Perhaps I should think about staying
At least for a moment or two
I'm feeling shakey
But I'll be ok
I just don't know what to say
I don't know what to do
Please
You can take this pain away
Please
You can take this pain away

It's alright
How many can make you cry?

Here comes the rain

Here comes the rain
Flushing all the filth down the drain

Here comes the sun
Falling down on every one
Here comes the sun
Calling out to everyone
