When we get back from this place, I'll put a smile on your face. I'll show you everything you've waited for so long. I'm gonna make sure you see what a great guy I can be. I won't give up until the day I have you back. I wanna show you everything, you've been stuck in all my dreams. What did I do to make you mad? You're the best I ever had. Let's see how close we can get as we both watch the sunset, then fall asleep together and dream about each other. Another night of drinking, don't know what I was thinking. How could I make a mess of everything we had?
