It's been so long and I hope it's not too late, and I'm not sure how much longer I can wait. I can't help myself. Is this going anywhere? Because I'm trying to show that I care. I wish I could call you but it is much too late. I wish I could see you but you're so far away from me. Sometimes I can't seem to get my mind off of you. Sometimes I think of all the things that we've been through. Sometimes my head gets stuck and I am so confused. Sometimes. When we get back from here you're the first one I'll see. I'm stuck here without you and I'm wanting to be with you.
