I would say your words are the kindness of dreams,
Covering up all the lies.
You're a crafty one.

I turned a cold shoulder to you as you left on your
journey
And asked, "Will you fight it alone?"
I'm crafty too.

"I'll be back." you said as you passed me by
I stuck to my pride, and acted strong.
Should I have turned back time and cried out
Or teared up, and said "Don't go!"?
Now I could do that, and so much more.

I'll send these 1000 words I couldn't say
To your back, so far away
And make them into wings.
These 1000 words will draw close
To your wounded back and hold you.

My dream goes on, as I think of you
Pretending to forget what happened that day
I'm so dishonest.*1

You avoided my glance saying "I'll write to you"
I stuck to my pride, and acted strong
Should I have turned back time and gotten angry?
Or slumped my shoulders and said "I won't wait"
Now I could do that, and so much more.

Can you hear?
I'll send these 1000 words I couldn't say
To your back out of my sight,
And make them into wings.

Do you hear
These 1000 words will pull close
To your tired back and hold you
The 1000 words I couldn't say
La la la la

I'll send to your back
And make them into wings
Can you hear me
These 1000 words
La la la la
Pulling close to you
La la la la
